

CONGRATULATIONS TO ALLYSON LAGUE ...

Our Patient of the Month!

“My family chose Choice Physical Therapy because they helped me get better in the past and because of their reputation. My therapist, Emilie, is helpful to me and very encouraging. Working with her is fun, but challenging. I am so happy with my recovery because physical therapy has not only helped make my injured knee better, but has made both my legs stronger. I would recommend Choice PT to my friends that have been injured ... the staff is very helpful, friendly and physical therapy is totally worth it!”
